

# The Seven Kings of Rome

by Clint Hagen

There were seven kings of Rome;  
You know I cannot lie.  
Romulus was the first one.  
He made his brother die.  
Stole the Sabine women,  
Made their fathers cry.  
They went to war!  
Oh oh, seven kings of Rome.

Numa was the second,  
Set up temples for the gods.  
Tullus Hostilius  
Destroyed Alba Longa.  
Ancus Marcius was the fourth one  
Built the port at Ostia.  
Oh oh oh oh  
Oh oh, seven kings of Rome.

Tarquinius Priscus drained the forum  
And that's about all.  
Servius Tullius was a worker  
Who built himself a wall!

Tarquinius Superbus was the last one  
He was a total lout.  
So Brutus and Collatinus  
Rose up and threw him out.  
They set up a Republic  
That lasted about 500 years.  
Oh oh, seven kings of Rome.

Seven kings, seven kings, seven kings of Rome [repeat x4]
